

HAZARD ASSESSMENT

Before

- Before you make a plan understand the potential Risks and Hazards threaten your area
- To understand Risks refer to Ready.gov
- Contact your County Government Department of Public Health
<http://www.vchca.org/images/VCHCC/Activities/HVA>
- Prepare your Plan for each potential risk
- check www.ready.gov for consequences of most Hazards

During

- Understand the Hazard that is emerging and refer to your plan for appropriate actions

After

- Review the Local Hazard Vulnerability Assessment and ensure your plan is updated as necessary

Hazard Vulnerability may change yearly as emergent disasters reveal weaknesses.
