Regular Board Meeting, May 11, 2021

To: Board of Directors

From: Peter Martinez, General Manager

Subject: Review of FY 2021 – 2022 Preliminary Budget

Item No. F-1

RECOMMENDATION:

1. Review and comment on proposed FY 2021 – 2022 Operating and Capital Budgets.

FINANCIAL IMPACT: Current action has no financial impact. Requested changes will be incorporated into next draft of Operating and Capital Budgets in preparation for Board approval at a future meeting.

BACKGROUND:

Attached for Board review is the FY 2021 – 2022 Operating Budget and Capital Improvement Program (CIP) Budget. Requested edits by Board members will be incorporated into future drafts of the Budget, in preparation for adoption at the June 8, 2021 Regular Board Meeting.

DISCUSSION/ANALYSIS:

Budget to Projected Review

As part of the annual budget process, Board and staff perform a review of budgeted expenses compared to the projected expenditures by fiscal year end. These projections are based on actual expenses incurred as of February 28, 2021 and take into account any known outstanding obligations. Still, projected values are staff's best estimate of future total expenditures.

Overall, the District is projected to be under budget by 7.8% for FY 2020 – 2021, which is mostly attributable to lower than anticipated water purchase costs and operational impacts due to the COVID-19 pandemic for the majority of the fiscal year. The table below summarizes the adopted budget versus projected expenditures.

	Budget	Projected	% Change
Total Water System Expense	\$1,075,600	\$919,420	-14.5%
Total Sewer System Expense	\$1,131,000	\$1,090,208	-3.6%
Total Trash Expense	\$600,000	\$572,920	-4.5%
Total Maintenance Expenses	\$54,500	\$42,000	-22.9%
Total Salaries & Benefits	\$999,100	\$1,011,930	1.3%
Total Administrative Expenses	\$466,000	\$353,050	-24.2%

FY 2021 – 2022 Operating Budget

The proposed Operating Budget represents an overall 2.75% increase from the previous year's budget, with the bulk of the increase due to increased water purchase costs through PHWA. The table below summarizes the proposed budget changes for the upcoming fiscal year.

	FY 2020 – 2021	FY 2021 – 2022	% Change
Total Water System Expense	\$1,075,600	\$1,178,600	8.7%
Total Sewer System Expense	\$1,131,000	\$1,104,000	-2.4%
Total Trash Expense	\$600,000	\$600,000	0%
Total Maintenance Expenses	\$54,500	\$59,500	9.2%
Total Salaries & Benefits	\$999,100	\$1,058,600	5.6%
Total Administrative Expenses	\$466,000	\$447,800	-4.1%
TOTAL OPERATING EXPENSES	\$4,326,200	\$4,448,500	2.75%

There is one key change to the proposed Operating Budget from previous year's budget amounts.

 Water System Expenses – Water purchase costs from PHWA are anticipated to rise significantly due to surcharges levied by United Water Conservation District for the Iron & Manganese Removal Facility (\$125.00 per acre foot) and the Fox Canyon Groundwater Management Agency for the Replenishment fee (estimated at \$200 per acre foot). The current price of blended water from PHWA is \$755. With the addition of these two surcharges, the cost per acre foot will exceed \$1,000 per acre foot. It is uncertain when the surcharges will go into effect.

FY 2021 - 2022 Capital Improvement Program Budget

The proposed CIP Budget calls for \$2,420,000 in capital spending for FY 2021 – 2022, with \$1,167,500 assigned to the Water Enterprise, \$1,102,500 assigned to the Sewer Enterprise, and \$150,000 assigned to the Trash Enterprise. The proposed capital expenditure totals for

FY 2022 through FY 2026 are shown in the Capital Budget Sheet of the FY 2021 – 2022 Draft Budget.

Next Steps

The Board's action on June 8, 2021 will be to approve planned expenditures for FY 2021 – 2022 only. However, staff has prepared a five-year CIP Budget document to show upcoming capital needs. In some cases, a single project can span several years. While staff has identified costs for each project based on best available data, it is anticipated that some project costs may be updated prior to final adoption on June 8, 2021.

Board of Directors Channel Islands Beach Community Services District Oxnard, California

We are engaged to audit the financial statements of the Channel Islands Beach Community Services District (the "District") for the year ended June 30, 2021. Professional standards require that we provide you with the following information related to our audit. We would also appreciate the opportunity to meet with you to discuss this information further since a two-way dialogue can provide valuable information for the audit process.

Our Responsibilities under U.S. Generally Accepted Auditing Standards and Government Auditing Standards

As stated in our engagement letter dated April 26, 2021, our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

As part of our audit, we will consider the internal control of the District. Such considerations are solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will also perform tests of the District's compliance with certain provisions of laws, regulations, contracts, and grants. However, providing an opinion on compliance with those provisions is not an objective of our audit.

Our responsibility is to plan and perform the audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Generally accepted accounting principles provide for certain required supplementary information (RSI) to supplement the basic financial statements. Our responsibility with respect to management's discussion and analysis, schedule of the District's proportionate share of the net pension liability - CalPERS pension plan, and schedule of contributions - CalPERS pension plan, which supplements the basic financial statements, is to apply certain limited procedures in accordance with generally accepted auditing standards. However, the RSI will not be audited and, because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance, we will not express an opinion or provide any assurance on the RSI.

We have been engaged to report on the budgetary comparison schedules, which accompany the financial statements but are not RSI. Our responsibility for this supplementary information, as described by professional standards, is to evaluate the presentation of the supplementary information in relation to the financial statements as a whole and to report on whether the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

As part of the audit, we assist with the preparation of the financial statements and related notes, and journal entry to adjust the investment with the Port Hueneme Water Agency. However, this assistance does not constitute an audit under *Government Auditing Standards* and is considered nonaudit services. Management is responsible for overseeing and accepting responsibility for these services.

Planned Scope, Timing of the Audit, and Other

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested.

Our audit will include obtaining an understanding of the District and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Material misstatements may result from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the District or to acts by management or employees acting on behalf of the District. We will generally communicate our significant findings at the conclusion of the audit. However, some matters could be communicated sooner, particularly if significant difficulties are encountered during the audit where assistance is needed to overcome the difficulties or if the difficulties may lead to a modified opinion. We will also communicate any internal control related matters that are required to be communicated under professional standards.

We expect to begin our final audit fieldwork on approximately October 4, 2021 and issue our report approximately in December 2021. Richard Teaman is the engagement partner and is responsible for supervising the engagement and signing the report or authorizing another individual to sign it.

This information is intended solely for the use of the Board of Directors and management of the District and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Teamon Raminez & Smith, I me.
