#### MINUTES OF THE

#### CHANNEL ISLANDS BEACH COMMUNITY SERVICES DISTRICT

REGULAR BOARD MEETING, October 8, 2019

#### A. CALL TO ORDER, ROLL CALL, AND PLEDGE OF ALLEGIANCE:

President Brewer called the meeting to order at 6:00 P.M. and led everyone in attendance in the Pledge of Allegiance. In attendance, Vice President Nast, Director Bouchard, Director Debley, Interim General Manager (IGM), Pete Martinez, Clerk of the Board, Erika Davis, General Counsel, John Mathews, and Office Manager, CJ Dillon.

Director Marcus was absent.

#### B. PUBLIC COMMENTS:

None.

#### C. CONSENT CALENDAR:

Vice President Nast made the motion to approve the Consent Calendar and President Brewer seconded the motion. The motion passed all in favor.

Brewer, Nast, Bouchard, Debley 4 - Yes 0 -No

#### D. PRESENTATION: GENERAL COUNSEL

General Counsel presented a high-level review of the policy requirements related to the Brown act which was an item requested at the last Board meeting.

#### 6:04 p.m. Director Marcus joins the meeting.

Board asked questions. General Counsel stated that there are a couple of different ways to agendize an item and it is a good idea to follow the Bylaws of the District. Board requested that the Bylaws be reviewed and updated as deemed appropriate by General Counsel and Staff. General Counsel stated to the Board the importance of using the District email for any District business.

#### E. OPERATIONS AND MAINTENANCE REPORT:

IGM Martinez using a PowerPoint presentation, presented the Operations and Maintenance Report. The update on the GIS contract explained that they are establishing every asset and once finished, will integrate the sewer video. This eventually will lead to the CMMS program, the preventative maintenance program. The results of the lead and copper testing samples, all came back below all actionable levels. The updates on the yard maintenance and improvement project and the Community Cleanup Event and its success. Event feedback from residents was extremely positive. Also, a reminder the CERT event is on October 26, 2019 from 10:00 a.m. to 2:00 p.m.

#### F. CLOSED SESSION:

General Counsel announced the Board entered closed session at 6:21 p.m.

1. PUBLIC EMPLOYMENT (Gov. Code § 54957(b)(1))54957(b)(1). Title: General Manager

General Counsel announced the Board was back in Open Session at 6:54 p.m. Board met with General Counsel to discuss the item under closed session Public Employment General Manager position and there was no formal action taken.

#### G. ACTION CALENDAR:

1. Employment/Appointment of Permanent General Manager. The Board will discuss how to proceed with filling the General Manager position.

Director Bouchard made the motion to appoint Pete Martinez as the permanent General Manager for the Channel Islands Beach Community Services District and to amend the compensation portion of his contract in line with the adopted salary schedule the Board has of \$123,500.00 as his starting wage and the amendment be made to his existing contract to allow 1 year of additional educational benefits as it is stated in his Operational contract providing him one more year to complete the master's program and the compensation related to that. Director Debley seconded the motion. The motion passed collectively.

Brewer, Nast, Marcus, Bouchard, Debley 5 - Yes 0 -No

Pete Martinez accepted the permanent General Manager position.

2. Agreement for Engineering Support Services with Michael K. Nunley & Associates, Inc. (MKN)

General Manager Martinez explained that this agreement has to do with Ryan Gallagher who has been working with the District for a decade. Ryan Gallagher is no longer with Gannett Fleming and is now with Michael K. Nunley & Associates, Inc. (MKN) in Ventura. This recommendation is to consider and approve an agreement with MKN designating MKN as District Engineer for engineering support services of the District. There is no additional financial impact this year. Director Marcus made the motion to approve an agreement with MKN designating MKN as District Engineer for engineering support services. President Brewer seconded the motion. The motion passed.

Brewer, Nast, Marcus, Bouchard, Debley 5 - Yes 0 -No

3. Authorization to Proceed with Conditional Use Permit (CUP) Application for District Administration and Operations Facility.

General Manager Martinez introduced the professionals that were helping the District with the Conditional Use Permit (CUP) process. Kevin Kohan with Elevated Entitlements is helping the District with the entitlement of redevelopment of the site and the CUP process. Jeff Zook with Coastal Architects is helping the District with site design and architectural design. General Manager Martinez used a PowerPoint presentation to give background on the CUP, explain the contracts the District entered during this process and how they arrived at the two concepts, the architectural design, CUP submittal and the community workshop. The recommendation is to authorize the General Manager to proceed with submitting the CUP application with the County of Ventura for the redevelopment of the District's administration and operations facility. Board asked questions. Kevin Kohan and Jeff Zook explained that the CUP relates to zoning use for 25 years. Director Marcus made the motion to authorize the General Manager to proceed with submitting the CUP application with the County of Ventura for the redevelopment of the District's administration and operations facility. Director Bouchard seconded the motion.

Brewer, Nast, Marcus, Bouchard, Debley 5 - Yes 0 -No

#### H. INFORMATION CALENDAR:

- 1. General Manager Martinez reviewed the PHWA Agenda. Board stated concerns with the PHWA Budget. The meeting is on Monday, October 21<sup>st</sup> at 4:00 p.m.
- 2. Report from Board Members of any meeting or conference where compensation from the District for attendance was received

Vice President Nast attended the VRSD meeting and VRSD updated their Bylaws.

Director Marcus attended the PHWA meeting and said the Budget was not ready at that meeting.

Director Bouchard stated that the PHWA is struggling since they are short staffed. The Budget was not ready so there was not much to speak of. Director Bouchard said he will bring up his concerns regarding the Budget not being prepared and its effect on the District at this month's PHWA meeting.

#### I. BOARD MEMBER COMMENTS:

Vice President Nast wants PFA and PFO testing on the agenda next meeting. General Manager Martinez said he has already scheduled the District to do their own testing. If the results come back with any traces, then General Manager Martinez will discuss that with United.

Director Debley asked about the Stage 2 water signs and asked that if they need to be up, they should be cleaned or replaced.

Director Debley asked that Staff investigate adding Household Hazardous Waste Collection to the next Community Clean Up Event to help people dispose of it and make it easier for residents to get rid of dangerous material.

Director Debley announced that along with his son he signed up for a CERT class and is looking forward to it.

Director Marcus would like to remind residents of the ways to dispose of Household Hazardous Waste.

Director Marcus is concerned about the parking lot and would like Sheriff involvement.

President Brewer said golf carts have been a problem at Hollywood Beach.

Director Debley suggested that they could address the issue with the Sheriff at the next meeting.

Director Marcus discussed the recent newspaper articles that are addressing water issues relating to the environment and agency's in discord with each other. Director Marcus suggested that the Board should have an educational opportunity focusing on these current issues at the next Board meeting. For example, more information on the State water conflict, the GMA issues and such. It may be good to refresh.

President Brewer agreed with Director Marcus that it was good idea to learn more about these issues.

Director Bouchard said at the next PHWA meeting the presentation by United on Article 21 water may be a helpful opportunity to learn about some of the water issues.

President Brewer asked that General Manager Martinez reach out to Sheriff's to attend the Board meetings to address the concerns and revisit the camera discussion.

#### J. GENERAL COUNSEL & GENERAL MANAGER COMMENTS:

General Counsel said that several months ago there was discussion regarding interest in the State Water Interconnection Project concerning Calleguas and the City of Ventura. They were served with a lawsuit regarding the Environmental Impact Report which is being challenged by a group from Oakland. General Counsel stated it best to see how things develop.

General Manager Martinez said that he spoke with City of Oxnard regarding the Hueneme Foundation request from last meeting. City of Oxnard is in support and will notify the District when they need something from CIBCSD.

The Board Meeting adjourned at 7:48 P.M	1.
Kristina Brewer, President

Regular Board Meeting, December 10, 2019

To: Board of Directors

From: CJ Dillon, Office Manager

Subject: 2020 Holiday Schedule and Board Meeting Dates

Item No. E-1

#### **RECOMMENDATION:**

Approve 2020 Holiday Schedule and Board Meeting Dates

**FINANCIAL IMPACT:** No additional funding requested.

#### **BACKGROUND/DISCUSSION:**

The Board is required annually to adopt a meeting schedule and holiday schedule for the upcoming year. The holidays scheduled are the approved holidays in the memorandum of understanding (MOU) with unionized employees and are consistent with previous calendar years.

The proposed schedule includes paid holidays, floating holidays, and furlough days – defined as follows:

- Paid holiday District office is closed and staff is compensated for time off.
- **Floating holiday** District office is open and staff may choose to take the day off or bank hours for a future day.
- **Unpaid Holiday (furlough)** District office is closed and staff is not compensated. Staff may choose to forego pay or use annual leave hours.

Below is the proposed District holiday schedule for 2020.

Holiday	Date	Day	Office Status	Closure Type			
	12/24/2019-						
New Year's 2020	1/1/2020	1 Week	Closed	Paid holiday-Unpaid holiday			
MLK Day	1/20	Monday	Closed	Paid holiday			
Presidents day	2/17	Monday	Closed	Paid holiday			
Cesar Chavez Day	3/31	Tuesday	Open	Floating Holiday			
Memorial Day	5/25	Monday	Closed	Paid holiday			
Independence Day	7/3	Friday	Closed	Paid holiday			
Labor Day	9/7	Monday	Closed	Paid holiday			
Columbus Day	10/12	Monday	Open	Floating Holiday			
Veterans Day	11/11	Wednesday	Closed	Paid holiday			
Thanksgiving	11/26	Thursday	Closed	Paid holiday			
Day after Thanksg.	11/27	Friday	Closed	Paid holiday			
Christmas Eve	12/24	Thursday	Closed	Unpaid holiday			
Christmas	12/25	Friday	Closed	Paid holiday			
	Holiday Closure (furlough) from Dec. 24 to Dec. 31.						

Regularly scheduled meetings are proposed to take place on the second Tuesday of every month at 6:00 PM, and a second meeting on the fourth Tuesday in the month of April. The proposed 2020 Board Meeting dates are below.

Month	1st Meeting	2nd Meeting
January	1/14/2020	
February	2/11/2020	
March	3/10/2020	
April	4/14/2020	4/28/2020
May	5/12/2020	
June	6/9/2020	
July	7/14/2020	
August	8/11/2020	
September	9/8/2020	
October	10/13/2020	
November	11/10/2020	
December	12/8/2020	

Upon Board approval at this meeting, staff will include the schedules in the December 2019 Utility Billing.

#### Regular Board Meeting, December 10, 2019

To: Board of Directors

From: Peter Martinez, General Manager
Subject: PFOA & PFAS Informational Update

Item No. F-1

#### **RECOMMENDATION:**

Receive and file report

**FINANCIAL IMPACT:** There is no financial impact to the District.

#### **BACKGROUND:**

Perfluorooctanoate (PFOA) and perfluorooctanesulfonate (PFAS) are fluorinated organic chemicals that are part of a larger group of artificial chemicals referred to as per-and polyfluoroalkyl substances (PFAS). PFOA and PFAS were identified as health risks during the 2000s and phased out of manufacturing in the United States, but some imported products still contain these substances. They have been used extensively in consumer products such as carpets, clothing, fabrics for furniture, paper packaging for food, fire-fighting foams, and other materials designed to be water proof, stain resistant or non-stick. PFAS substances have been detected in some water supplies, particularly around airports, landfills, and existing and former military bases.

To date, more than 600 drinking water supply wells in California have been tested for perfluorooctanoate (PFOA) and perfluorooctanesulfonate (PFOS). In August, the State Water Resources Control Board's Division of Drinking Water (DDW) announced new Notification Levels for PFOA and PFOS of 5.1 parts per trillion (ppt) and 6.5 ppt, respectively. While Notification Levels are not regulations, water agencies must notify local governing bodies if they are exceeded.

The current Drinking Water Response Level for PFOA and PFOS is 70 ppt. When Response Levels are exceeded, the State Water Board recommends that water agencies either remove the water source from service or notify governing bodies and customers that the water source exceeds these levels and is still being used.

AB 756 (C. Garcia), which goes into effect Jan. 1, 2020, establishes new requirements for monitoring and public notification of PFAS levels in drinking water. This bill authorizes the state board to order a public water system to monitor PFOS & PFAS. Additionally, the bill will require

community water systems, upon detection of these substances, to report the detection. If the detection level exceeds the response level this bill would require the agency to take the water system out of use.

#### **DISCUSSION/ANALYSIS:**

On November 14, 2019, the District performed sampling of the District's distribution system for PFOA & PFAS at the Panama Sample Station located near the Cross-Base Pipeline turnout. These samples were sent to an Environmental Protection Agency (EPA) certified laboratory to ensure compliance with future regulations. Upon analysis, Babcock Laboratories, Inc. provided the results on December 3, 2019, indicating a Non-Detect (ND) for the PFOA & PFAS sample.

#### Assembly Bill No. 756

#### CHAPTER 162

An act to add Section 116378 to the Health and Safety Code, relating to drinking water.

[Approved by Governor July 31, 2019. Filed with Secretary of State July 31, 2019.]

#### LEGISLATIVE COUNSEL'S DIGEST

AB 756, Cristina Garcia. Public water systems: perfluoroalkyl substances and polyfluoroalkyl substances.

Existing law, the California Safe Drinking Water Act, requires the State Water Resources Control Board to administer provisions relating to the regulation of drinking water to protect public health, including, but not limited to, conducting research, studies, and demonstration programs relating to the provision of a dependable, safe supply of drinking water, enforcing the federal Safe Drinking Water Act, adopting implementing regulations, and conducting studies and investigations to assess the quality of water in private domestic water supplies. Under the California Safe Drinking Water Act, the implementing regulations are required to include, but are not limited to, monitoring of contaminants and requirements for notifying the public of the quality of the water delivered to customers.

This bill would authorize the state board to order a public water system to monitor for perfluoroalkyl substances and polyfluoroalkyl substances. The bill would require a community water system or a nontransient noncommunity water system, upon a detection of these substances, to report that detection, as specified. The bill would require a community water system or a nontransient noncommunity water system where a detected level of these substances exceeds the response level to take a water source where the detected levels exceed the response level out of use or provide a prescribed public notification.

The people of the State of California do enact as follows:

SECTION 1. Section 116378 is added to the Health and Safety Code, to read:

116378. (a) The state board may order a public water system to monitor for perfluoroalkyl substances and polyfluoroalkyl substances, in accordance with conditions set by the state board. A laboratory that has accreditation or certification pursuant to Article 3 (commencing with Section 100825) of Chapter 4 of Part 1 of Division 101 shall perform the analysis of any material required by an order to monitor for these substances. The order shall identify

Ch. 162 — 2 —

the analytical test methods to be used by laboratories and provide for the electronic submission of monitoring results to the state board.

- (b) An order issued pursuant to subdivision (a) may apply to an individual public water system, specific groups of public water systems, or to all public water systems. Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code does not apply to an order issued pursuant to subdivision (a) to specific groups of public water systems or to all public water systems. All monitoring results shall be submitted to the state board electronically as directed by the state board in its order.
- (c) (1) If any monitoring undertaken pursuant to an order issued under subdivision (a) results in a confirmed detection, a community water system or a nontransient noncommunity water system shall report that detection in the water system's annual consumer confidence report. Unless the water source is taken out of use or new data becomes available to show that the response level is no longer being exceeded, the community or nontransient noncommunity water system will provide notice of the exceedance of the response level in the water system's consumer confidence report.
- (2) In addition to the notification pursuant to paragraph (1), for perfluoroalkyl substances and polyfluoroalkyl substances with notification levels, a community water system or a nontransient noncommunity water system shall report the detection if the level exceeds the notification level as required by Section 116455.
- (3) For perfluoroalkyl substances and polyfluoroalkyl substances with response levels where detected levels of a substance exceed the response level, a community water system or a nontransient noncommunity public water system shall take a water source where detected levels exceed the response level out of use or provide public notification within 30 days of the confirmed detection. For the purposes of this paragraph, notice shall be provided as follows:
  - (A) A community water system shall do the following:
- (i) Mail or directly deliver notice to each customer receiving a bill, including those that provide drinking water to others, and to other service connections to which water is delivered by the water system.
- (ii) Email notice to each customer of the water system with an email address known by the water system.
  - (iii) Post the notice on the internet website of the water system.
- (iv) Use one or more of the following methods to reach persons not likely to be reached by the notice provided in clause (i):
  - (I) Publish notice in a local newspaper for at least seven days.
- (II) Post notice in conspicuous public places served by the water system for at least seven days.
- (III) Post notice on an appropriate social media site for at least seven days.
  - (IV) Deliver notice to community organizations.
- (B) A nontransient noncommunity water system shall do both of the following:

—3— Ch. 162

- (i) Post notice in conspicuous locations throughout the area served by the water system.
- (ii) Use one or more of the following methods to reach persons not likely to be reached by the notice provided in clause (i):
  - (I) Publish notice in a local newspaper for at least seven days.
  - (II) Publish notice in a newsletter distributed to customers.
  - (III) Send notice by email to employees or students.
- (IV) Post notice on the internet website of the water system and an appropriate social media site for at least seven days.
  - (V) Deliver notice directly to each customer.
  - (C) A notice shall contain all of the following information:
- (i) A statement that there was a confirmed detection above the response level, the numeric level of the applicable response level, and the level of the confirmed detection.
- (ii) A description of the potential adverse health effects as identified by the state board in establishing the notification level or response level.
- (iii) The population at risk, including subpopulations particularly vulnerable from exposure.
- (iv) The name, business address, and phone number of the water system owner, operator, or designee, as a source of additional information concerning the notice.
- (v) A statement to encourage the notice recipient to distribute the notice to other persons served, using the following standard language: "Please share this information with all of the other people who drink this water, especially those who may not have received this public notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail."
- (vi) Information in Spanish regarding the importance of the notice or a telephone number or address where Spanish-speaking residents may contact the water system to obtain a translated copy of the notice or assistance in Spanish.
- (vii) If a non-English speaking group other than a Spanish-speaking group exceeds 1,000 residents or 10 percent of the residents served by the water system, either of the following:
- (I) Information in the appropriate language regarding the importance of the notice.
- (II) A telephone number or address where a resident may contact the water system to obtain a translated copy of the notice or assistance in the appropriate language.
- (D) The following requirements apply to a notice provided by a water system:
- (i) The notice shall be displayed so that it catches people's attention when printed or posted.
- (ii) The message in the notice should be understandable at the eighth grade reading level.

Ch. 162 — 4 —

- (iii) The notice shall not contain technical language beyond an eighth grade reading level or print smaller than 12-point type.
- (iv) The notice shall not contain language that minimizes or contradicts the information provided in the notice.
- (d) This section is not a substitute for compliance with any requirements of Chapter 17.5 (commencing with Section 7290) of Division 7 of Title 1 of the Government Code that apply to a community water system or nontransient noncommunity water system.

#### Regular Board Meeting, December 10, 2019

To: Board of Directors

From: Peter Martinez, General Manager

Subject: Fox Canyon Groundwater Management Agency Update

Item No. F-2

#### **INFORMATION:**

The General Manager will provide an update on an ordinance which establishes a new pumping allocation system for the Oxnard and Pleasant Valley Basins. This ordinance was adopted by the Fox Canyon Groundwater Management Agency on October 23, 2019.

**Attachment:** Ordinance to Establish an Allocation System for the Oxnard and Pleasant Valley Groundwater Basins

# AN ORDINANCE TO ESTABLISH AN ALLOCATION SYSTEM FOR THE OXNARD AND PLEASANT VALLEY GROUNDWATER BASINS

#### **ARTICLE 1. FINDINGS**

- 1.1. The Pleasant Valley Groundwater Basin and Oxnard Groundwater Subbasin (collectively, "the Basins") are located within Fox Canyon Groundwater Management Agency ("Agency") and have been designated by the California Department of Water Resources as high priority groundwater basins that are subject to critical conditions of overdraft.
- 1.2. The Agency is required under the Sustainable Groundwater Management Act ("SGMA") to manage the Basins under a groundwater sustainability plan by January 31,2020.
- 1.3. The groundwater sustainability plan must include an estimate of the sustainable yield for the Basins.
- 1.4. Based on current projections, the sustainable yield of the Basins will be less than recent average annual groundwater extractions from the Basins.
- 1.5. The 10-year period prior to January 1, 2015, the date SGMA became effective, includes a complete climate cycle and is representative of annual average precipitation, groundwater extractions from the Basins and deliveries of surface water from the Santa Clara River through United Water Conservation District's Pleasant Valley Pipeline and Pumping Trough Pipeline in lieu of groundwater extractions from the Basins. During the 10-year period, these in lieu deliveries averaged 15,600 acre-feet annually and consisted of surface water that otherwise would have been used for groundwater recharge.
- 1.6. During the 10-year period prior to January 1, 2015, the Conejo Creek Project supplied an average of 4,978 acre-feet of surface water annually to Pleasant Valley County Water District for agricultural use which otherwise could have been supplied by pumping groundwater from the Basins. During that period, there was a corresponding decrease in groundwater use within Pleasant Valley's service area.
- 1.7. The adoption of this ordinance is a necessary step in the transition from the Agency's current groundwater management programs to sustainable groundwater management under SGMA. As part of that transition, the Agency intends to move from a wellhead-based to a land-based allocation system; however, implementation of that change is not feasible until such time as the Agency has developed sufficient parcel-based water-use data to allow for effective regulation of extractions on that basis.
- 1.8. The measures set forth in this ordinance are necessary to improve and protect the quantity and quality of groundwater supplies within the Basins.
- 1.9. This ordinance is exempt from the California Environmental Quality Act (CEQA) pursuant to Water Code section 10728.6 and CEQA Guidelines sections 15061(b)(3), 15307 and 15308.

1.10. The extraction allocations established under this ordinance are consistent with the land use elements of the applicable general plans to the extent that there is sufficient sustainable yield in the Basins to serve the land use designations therein.

#### **ARTICLE 2. PURPOSE**

The purpose of this ordinance is to facilitate adoption and implementation of the groundwater sustainability plan and to ensure that the Basins are operated within their sustainable yields. It is not the purpose of this ordinance to determine or alter water right entitlements, including those which may be asserted pursuant to California Water Code sections 1005.1, 1005.2 or 1005.4.

#### ARTICLE 3. PERIODIC REVIEW PROCEDURE

The Board will periodically review the effectiveness of this ordinance toward meeting its purpose. This review shall occur at least once every five years. If necessary, this ordinance will be amended to ensure that the sustainability goals of the groundwater sustainability plans are met.

#### **ARTICLE 4. DEFINITIONS**

- 4.1 "Agency" shall mean the Fox Canyon Groundwater Management Agency.
- 4.2 "Agricultural Operator" shall mean an owner or operator of an extraction facility used to produce groundwater for use on lands in the production of plant crops or livestock for market and uses incidental thereto.
- 4.3 "Assessor's Parcel Map" shall mean an official map designating parcels by Assessor's Parcel Number.
- 4.4 "Assessor's Parcel Number" shall mean the number assigned to a parcel by the County of Ventura for purposes of identification.
- 4.5 "Base Period" shall mean calendar years 2005 through 2014.
- 4.6 "Base-Period Conejo Creek Deliveries" shall mean the average annual amount of Conejo Creek Water Deliveries during the base period.
- 4.7 "Base-Period Extraction" shall mean the average annual groundwater extraction based on reported extractions during the base period, excluding any extractions that incurred surcharges.
- 4.8 "Base-Period PTP Deliveries" shall mean the average annual amount of PTP deliveries during the base period as reported to the Agency by United.
- 4.9 "Base-Period PV Deliveries" shall mean the average annual amount of PV deliveries during the base period as reported to the Agency by United.

- 4.10 "Basins" shall mean the Pleasant Valley Groundwater Basin and the Oxnard Groundwater Subbasin.
- 4.11 "Board" shall mean the Board of Directors of the Agency.
- 4.12 "Conejo Creek Project" shall mean the Conejo Creek Diversion structure and appurtenances owned and operated by Camrosa Water District through which recycled water discharged from the Hill Canyon Wastewater Treatment Plant is diverted from Conejo Creek for delivery to Camrosa Water District and Pleasant Valley.
- 4.13 "Conejo Creek Water Deliveries" shall mean deliveries of water to Pleasant Valley from the Conejo Creek Project.
- 4.14 "Executive Officer" shall mean the individual appointed by the Board to administer Agency functions or his/her designee.
- 4.15 "Extraction Allocation" shall mean the amount of groundwater that may be obtained from an extraction facility during a given water year before a surcharge is imposed.
- 4.16 "Extraction Facility" shall mean any device or method (e.g. water well) for extraction of groundwater within the Basin.
- 4.17 "Groundwater Sustainability Plan" shall mean the plan or plans, and any amendment thereof, developed and adopted by the Agency for the Basins in accordance with SGMA.
- 4.18 "Management Area" shall mean an area within the Basins for which the groundwater sustainability plan may identify different minimum thresholds, measurable objectives, monitoring or projects and management actions in accordance with regulations adopted pursuant to chapter 10 of SGMA.
- 4.19 "Municipal and Industrial Operator" shall mean an owner or operator that supplied groundwater for domestic, industrial, commercial or other non-agricultural use.
- 4.20 "Municipal and Industrial (M&I) Use" shall mean any use other than agricultural irrigation.
- 4.21 "Mutual Water Company" shall mean a corporation organized for, or engaged in the business of, selling, distributing, supplying, or delivering water to its stockholders and members at cost for irrigation purposes or for M&I use.
- 4.22 "O-H Pipeline" means the water distribution system operated by United that supplies groundwater to contractors under the O-H Pipeline Agreement.
- 4.23 "O-H Pipeline Agreement" means the Water Supply Agreement for Delivery of Water Through the Oxnard/Hueneme Pipeline dated July 1, 1996, and any amendmentthereto.
- 4.24 "Operator" shall mean a person operating an extraction facility. The owner of an extraction facility shall be conclusively presumed to be the operator unless a satisfactory showing is made to the Agency that the extraction facility actually is operated by some other person.

- 4.25 "Owner" shall mean a person owning an extraction facility or an interest in an extraction facility other than a lien to secure the payment of a debt or other obligation and shall include any mutual water company and incorporated ownership.
- 4.26 "Parcel" shall mean a lot or parcel shown on an Assessor's Parcel Map with an assigned Assessor's Parcel Number.
- 4.27 "Person" shall mean any state or local governmental agency, private corporation, firm, partnership, individual, group of individuals, or, to the extent authorized by law, any federal agency.
- 4.28 "Pleasant Valley" shall mean Pleasant Valley County Water District.
- 4.29 "Pleasant Valley's Service Area" shall mean all lands shown on the map of the boundaries of Pleasant Valley on file with the Ventura Local Agency Formation Commission.
- 4.30 "PTP Deliveries" shall mean deliveries of surface water from the Santa Clara River through United's Pumping Trough Pipeline.
- 4.31 "PV Deliveries" shall mean deliveries of surface water from the Santa Clara River through United's Pleasant Valley Pipeline.
- 4.32 "Sustainable Groundwater Management Act" or "SGMA" shall mean Part 2.74 of Division 6 of the California Water Code, sections 10720 et seq.
- 4.33 "Sustainable Yield" shall mean the maximum quantity of water that can be withdrawn annually from the Basins as provided in the groundwater sustainability plan.
- 4.34 "United" shall mean United Water Conservation District.
- 4.35 "Water Market" shall mean a program which, by ordinance, allows the transfer of extraction allocations through a market administered by or on behalf of the Agency.
- 4.36 "Water Purveyor" shall mean a mutual water company, special district, or municipality that supplies groundwater to others for agricultural or municipal and industrial use.
- 4.37 "Water Year" shall mean the period from October 1 of one calendar year through September 30 of the following calendar year.

#### **ARTICLE 5. GENERAL PROVISIONS**

- 5.1 Notwithstanding any other Agency ordinance provision to the contrary, including article 2 of Emergency Ordinance E, the Executive Officer shall establish an operator's extraction allocation for each extraction facility located within the Basins as set forth herein. The alternative extraction allocations authorized under section 5.6 of the Agency Ordinance Code shall not be available to an operator for extracting groundwater from the Basins. Except as expressly provided herein, the provisions governing extraction allocations set forth in section 5.2 of the Agency Ordinance Code shall apply to groundwater extractions from the Basins.
- 5.2 Except as provided in section 5.5, an extraction allocation established under this ordinance is assigned to an extraction facility. An operator with more than one extraction facility in the same groundwater basin may combine the extraction allocations for the individual facilities. If the groundwater sustainability plan creates one or more management areas within the Basins, the Board may limit the ability to combine extraction allocations assigned to extraction facilities in different management areas. Limitations on combining extraction facilities in different management areas shall be set forth in a Resolution adopted by the Board based on a determination that the limitation is necessary in order to implement the groundwater sustainability plan.
- 5.3 All extractions in excess of an allocation established by this ordinance shall be subject to extraction surcharges in the same manner as provided in the Agency Ordinance Code for extractions that exceed the historical and/or baseline allocation.
- 5.4 Extraction allocations may be transferred or temporarily assigned only as provided in article 9 of this ordinance.
- 5.5 The extraction allocation assigned to extraction facilities operated by United to supply water through the O-H Pipeline is "held in trust [by United] for Any or All Contractors" as a "Suballocation" as those terms are defined in the O-H Pipeline Agreement. Upon termination of or withdrawal of any party from the O-H Pipeline Agreement, the distribution of the extraction allocation assigned to the O-H Pipeline extraction facilities shall be decided by mutual agreement of United and the affected parties or as determined by a court. Notwithstanding any such agreement or court determination or the O-H Pipeline Agreement, the extraction allocation assigned to the O-H Pipeline extraction facilities shall be subject to all applicable Agency rules and regulations for the use and adjustment of extraction allocations, including chapter 5 of the Agency Ordinance Code, and to any allocation reductions implemented in accordance with article 10 of this ordinance.
- 5.6 In the event of a local, State, or Federal declaration of emergency with the potential to affect water supplies within the Agency, at the next scheduled meeting, the Board will consider whether to allow an operator to request an adjustment of the extraction allocation as a result of the emergency. The information required in support of the request will be set forth in a Resolution adopted by the Board.

#### **ARTICLE 6. INITIAL ALLOCATIONS**

- 6.1 Until such time as the reductions described in article 10 are implemented and except as otherwise provided in this article, an operator's extraction allocation shall be the base-period extraction as reported to the Agency pursuant to chapter 2 of the Agency Ordinance Code. The extraction allocation established under this section is called "base-period allocation."
  - 6.1.1 In recognition of the use of surface water from the Conejo Creek Project and the corresponding reduction in total agricultural extractions within Pleasant Valley's service area during the base period, Pleasant Valley's base-period allocation shall be increased in an amount equal to base-period Conejo Creek water deliveries, subject to the adjustment described in subsection 6.1.1.1.
    - 6.1.1.1 Pleasant Valley shall include in the Semi-Annual Extraction Statement required under section 2.3 of the Agency Ordinance Code a report on the use of Conejo Creek water during the reporting year. In each year in which Pleasant Valley receives Conejo Creek water deliveries, its base-period allocation for that year shall be reduced in an amount equal to the Conejo Creek water deliveries during theyear.
    - 6.1.1.2 The Board may transfer a portion of the allocation established under subsection 6.1.1 from Pleasant Valley to an operator of an extraction facility located within Pleasant Valley's service area upon a showing that the operator reduced extractions during the base period as a result of taking deliveries from Pleasant Valley. The transfer will avoid a windfall allocation that may otherwise result under subsection 6.1.1 of this ordinance and shall be subject to the procedures set forth in subsection 5.3.9 of the Agency Ordinance Code.
- 6.2 In order to encourage the coordinated use of groundwater from the Basins and surface water supplies from the Santa Clara River while eliminating overdraft and maintaining the sustainability goals established under SGMA, Pleasant Valley and United may increase groundwater use in years when these surface water supplies are less than normal, provided that a corresponding reduction in extractions occurs in years when surface water supplies from the Santa Clara River are more abundant. The coordinated use of these water supplies shall be implemented through adjustments to the extraction allocation as provided in this section. This extraction allocation flexibility is called "Santa Clara River Water Flex Allocation."

#### 6.2.1 Santa Clara River Water Flex Allocation

- 6.2.1.1 In any year in which the volume of surface water available for PV deliveries is less than base-period PV deliveries, Pleasant Valley's base-period allocation for that year shall be increased in an amount equal to the shortfall in available PV deliveries. The extraction allocation available under this subsection shall be subject to any allocation reductions implemented in accordance with article 10 of this ordinance.
- 6.2.1.2 In any year in which the volume of surface water available for PV deliveries exceeds base-period PV deliveries, Pleasant Valley's base-period allocation for

that year shall be reduced by the amount of excess available PV deliveries. In order to provide a minimum extraction allocation during periods when PV deliveries are not available, Pleasant Valley's allocation shall not be reduced below 50 percent of Pleasant Valley's base-period extraction. The minimum extraction allocation available under this subsection shall not be eligible for carryover under article 8 of this ordinance.

- 6.2.1.3 Surface water shall be deemed available for PV deliveries as demonstrated in an annual report to be submitted by United pursuant to subsection 6.2.1.8. In any year in which Pleasant Valley does not make full use of the surface water available for PV deliveries, Pleasant Valley's base-period allocation for that year shall be reduced by the amount of available surface water not taken by Pleasant Valley.
- 6.2.1.4 In any year in which the volume of surface water available for PTP deliveries is less than base-period PTP deliveries, United's base-period allocation for that year shall be increased in an amount equal to the shortfall in available PTP deliveries. The extraction allocation available under this subsection shall be subject to any allocation reductions implemented in accordance with article 10 of this ordinance.
- 6.2.1.5 In any year in which the volume of surface water available for PTP deliveries exceeds base-period PTP deliveries, United's base-period allocation for that year shall be reduced by the amount of excess available PTP deliveries. In order to provide a minimum extraction allocation during periods when PTP deliveries are not available, United's allocation shall not be reduced below 50 percent of United's base-period extraction. The minimum extraction allocation available under this subsection shall not be eligible for carryover under article 8 of this ordinance.
- 6.2.1.6 Surface water shall be deemed available for PTP deliveries as demonstrated in an annual report to be submitted by United pursuant to subsection 6.2.1.8. In any year in which United does not make full use of the surface water available for PTP deliveries, United's base-period allocation for that year shall be reduced by the amount of available surface water not used by United.
- 6.2.1.7 To provide Pleasant Valley and United with the operational flexibility to respond to annual variations in the availability of Santa Clara River water, any surcharge for excess extractions that would otherwise be assessed annually shall be determined at the end of each five-year period following the operative date of this ordinance. Surcharges for any excess extractions shall be assessed as provided in sections 6.3 and 6.4.
- 6.2.1.8 United shall submit an annual report on its diversion of Santa Clara River water during the preceding water year. The report shall state the total volume of river diversions, the total volume of surface water made available for PTP deliveries and PV deliveries and the total volume put to other uses. The report shall state these volumes in acre-feet, supported by meter readings, and include such

- other information determined by the Executive Officer to be reasonably necessary to carry out the intent of this article.
- 6.2.2 Pleasant Valley and United shall include in the Semi-Annual Extraction Statement required under section 2.3 of the Agency Ordinance Code a report on the use of Santa Clara River water and the resulting Santa Clara River Water Flex Allocation for the reporting year.
- 6.3 Pleasant Valley shall be subject to surcharges on extractions in excess of cumulative base-period allocations, as adjusted in accordance with this article, during the preceding five-year period. If excess extractions occur, Pleasant Valley shall be deemed to have exceeded the extraction allocation in each of the preceding five years. A surcharge assessed under this section shall be due and payable within 30 days of issuance of a notice of imposition of surcharges.
- 6.4 United shall be subject to surcharges on extractions in excess of cumulative base-period allocations, as adjusted in accordance with this article, during the preceding five-year period. If excess extractions occur, United shall be deemed to have exceeded the extraction allocation in each of the preceding five years. A surcharge assessed under this section shall be due and payable within 30 days of issuance of a notice of imposition of surcharges.

#### ARTICLE 7. ADDITIONAL REQUIREMENTS FOR REPORTING EXTRACTIONS

In order to facilitate a transition from a wellhead-based to a land-based allocation system, operators in the Basins shall comply with the following reporting requirements in addition to those specified in the Agency Ordinance Code.

- 7.1 Agricultural operators not subject to section 7.2 shall report the following:
  - 7.1.1 Each assessor's parcel number being supplied with groundwater produced by the operator's extraction facility;
  - 7.1.2 The number of irrigated acres within each parcel; and
  - 7.1.3 The source of all water used to irrigate those lands.
- 7.2 Mutual water companies, special districts and municipalities supplying groundwater or in lieu deliveries for agricultural use shall report the following:
  - 7.2.1 Total volume of water from each source being supplied by the mutual water company, special district, or municipality;
  - 7.2.2 Location and identifier of each agricultural turnout and meter owned by the mutual water company, special district, or municipality;
  - 7.2.3 Monthly water deliveries to and meter readings from each agricultural turnout;
  - 7.2.4 List of assessor's parcel numbers served by each agricultural turnout and meter; and

- 7.2.5 Customer name associated with each parcel.
- 7.3 Mutual water companies, special districts and municipalities supplying groundwater or in lieu deliveries for municipal and industrial use shall report the following:
  - 7.3.1 Total volume of water from each source being supplied by the mutual water company, special district, or municipality;
  - 7.3.2 Monthly water deliveries for all water being supplied by the mutual water company, special district, or municipality; and
  - 7.3.3 List of assessor's parcel numbers (or a GIS shape file) served by the mutual water company, special district, or municipality.
- 7.4 Domestic and municipal and industrial well operators shall report the following:
  - 7.4.1 Each assessor's parcel number being supplied with groundwater produced by the operator's extraction facility.

#### **ARTICLE 8. ALLOCATION CARRYOVER**

Except as otherwise provided and subject to the provisions of this article, an unused extraction allocation may be carried over for use in a subsequent water year. A maximum of fifty percent of an extraction allocation shall be available for carry over. The first water extracted during any year shall be deemed to be an exercise of the carryover authorized by this article. The cumulative allocation carryover shall not exceed one hundred percent of an extraction allocation. An unused carryover extraction allocation is not transferable between operators, except in an Agency-approved water market, and shall expire five (5) years after it was accrued. Annual allocation carryover for extraction facilities combined under a single operator in accordance with section 5.2 shall be evenly divided among the combined extraction facilities. The Board may limit the use of carry over allocations consistent with the provisions of the groundwater sustainability plan, provided that any such limitation shall be imposed on all operators on an equal basis.

#### **ARTICLE 9. ALLOCATION TRANSFERS**

- 9.1 Allocation transfers may be necessary to provide flexibility during and after the transition from the Agency's current groundwater management program to sustainable groundwater management under SGMA. Notwithstanding section 5.3 of the Agency Ordinance Code, transfers of allocation established under this ordinance shall comply with the provisions of this article or be allowed under an Agency-approved water market.
- 9.2 Upon adoption of the groundwater sustainability plan, and except as otherwise provided, transfers or temporary assignments of an extraction allocation are authorized provided the Agency finds that it does not impede achievement of the sustainability goals of the groundwater sustainability plan and would not be detrimental to an Agency-approved water market. In making this determination, the Agency shall, at a minimum, consider the location

of the extraction facilities, the total quantity of groundwater extracted in any year, groundwater quality impacts of the transfer and whether the proposed transfer or temporary assignment could be approved under an Agency-approved water market. Requests for the transfer or temporary assignment of extraction allocations shall be submitted jointly by the operators and owners involved and shall include the specific details of their proposal. To ensure consistency with the sustainability goals of the groundwater sustainability plan, transfers or temporary assignments of an extraction allocation shall be subject to conditions as determined by the Executive Officer. A temporary assignment of allocation shall not exceed one year.

- 9.3 Where there is a sale or transfer of a part of the acreage served by any extraction facility, the extraction allocation for that facility shall be equitably apportioned between the real property retained and the real property transferred by the owner of the extraction facility. This apportionment shall be approved by the Executive Officer who may modify the apportionment to assure equity.
- 9.4 When irrigated acreage changes to M&I use, the extraction allocation used to irrigate the acreage shall be transferred from the agricultural operator to the M&I operator on a one-to-one basis.
- 9.5 Transfers or temporary assignments of allocations between extraction facilities located within the same groundwater basin shall be considered for approval by the Executive Officer. All other requests for transfers or temporary assignments shall be submitted to the Board for approval.

#### **ARTICLE 10. REDUCTION OF ALLOCATIONS**

- 10.1 If the sustainable yield is less than the total extraction allocations established in article 6, then extraction allocations, adjusted or otherwise, shall be reduced according to a schedule and method to be determined by the Board following adoption of the groundwater sustainability plan. An operator's use of surface water in lieu of groundwater after the effective date of this ordinance shall not subject that operator to a greater allocation reduction than is imposed on other operators.
- 10.2 It is the intent of the Board to establish a minimum allocation for agricultural operators based on the sustainable yield and to exempt minimum allocations from the reductions contemplated in section 10.1 until such time as the Board determines that a reduction of the minimum allocation is necessary in order to facilitate implementation of the groundwater sustainability plan.

#### **ARTICLE 11. VARIANCES**

The Executive Officer may, on written request from a land owner or operator, grant a variance from the requirements of this ordinance based on the standards set forth in this article.

11.1 Variance Purpose and Standards - The sole purpose of any variance shall be to enable an owner or operator to make reasonable use of groundwater in the same manner as other users

of groundwater in the Basins. Before any variance may be granted, the owner or operator must establish and the Agency must determine that all of the following standards are met:

- 11.1.1 That there are special circumstances or exceptional characteristics applicable to the owner or operator which do not apply generally to comparable owners or operators in the Basins; and
- 11.1.2 That granting a variance will not confer a special privilege inconsistent with the limitations upon other owners and operators in the Basins; and
- 11.1.3 That denial of a variance will result in practical difficulties or unnecessary hardships inconsistent with the general purpose of this ordinance; and
- 11.1.4 That the granting of a variance will not be inconsistent with the groundwater sustainability plan or the provisions of SGMA or with other regulations or ordinances of the Agency or detrimental to the Agency's ability to improve and protect the quantity or quality of groundwater supplies within the Basins; and
- 11.1.5 That the granting of a variance will not substantially impede the Agency's ability to achieve sustainable groundwater management or the actual sustainability of groundwater in the Basins.
- 11.2 Burden of Proof A person seeking a variance shall have the burden of proving to the satisfaction of the Executive Officer that the above standards can be met.
- 11.3 The Agency may recognize and consider other mitigating factors demonstrated or proposed by the applicant. The Agency at its discretion may include and impose those or other factors as conditions of granting the variance request.
- 11.4 The Executive Officer may consider any prior requests, permits, other Agency decisions, or enforcement actions associated with the owner or operator.
- 11.5 Any new or increased extraction allocation granted by the Agency pursuant to a variance request may not be transferred without prior Agency approval.
- 11.6 Variance Procedures All requests for a variance shall be filed in writing with the Agency.
- 11.7 Application Period For the water year beginning October 1, 2020, variances may be applied for by June 30, 2010. For all subsequent water years, variances may be applied for by June 30 for use in the following the water year.
- 11.8 Review Period The Executive Officer shall make reasonable efforts to render a decision on all applications within 90 days from the date the variance is requested. The Executive Officer's decision shall be in writing and include the findings made relative to the standards set forth in section 11.1.

11.9 Appeals – The Executive Officer's decision under this article is appealable in accordance with chapter 6.0 of the Agency Ordinance Code.

#### **ARTICLE 12. CONFLICTS**

Should any conflicts occur between the provisions of this ordinance and any other duly enacted Agency code or ordinance, the provisions of this ordinance shall govern.

#### **ARTICLE 13. SEVERABILITY**

Should any provision, section, subsection, paragraph, sentence or word of this ordinance be rendered or declared invalid by any final court action in a court of competent jurisdiction or by reason of any preemptive legislation, the remaining provisions, sections, subsections, paragraphs, sentences or words of this ordinance as hereby adopted shall remain in full force and effect.

#### ARTICLE 14. EFFECTIVE DATE; OPERATIVE DATE

This ordinance shall take effect on the thirty-first day after adoption and become fully operative on October 1, 2020.

PASSED AND ADOPTED this <u>23<sup>rd</sup></u> day of October, 2019, by the following vote:

#### Regular Board Meeting, December 10, 2019

To: Board of Directors

From: Pete Martinez, General Manager

Subject: PHWA Agenda Review

Item No. F-3

#### **INFORMATION:**

The following items are slated for consideration at the next PHWA Board Meeting. The following is not an official agenda or notice and is subject to change.

Date: Monday, December 16, 2019

Time: 4:00 PM

Location: City Council Chambers - 250 North Ventura Road, Port Hueneme, CA 93041

#### **Items for Consideration:**

- 1. BWRDF Operational Report
- 2. Adoption of FY 2019 2020 Budget
